

EPRIE *labs*

Webinar

March 21, 2020

Aim

- We want to **deepen our understanding and establish links between the topics of the previous EPRIE years**. We want to learn from the EPRIE alumni network what makes EPRIE special compared to other programs, and want to hear their ideas for a future EPRIE program.
- In the **two five-day EPRIE.labs** we will collect, create, and implement ideas for transnational cooperation and future EPRIE programs.
- The outcome will be a **collection and documentation of tools** in various forms.

EPRIE Labs

- The first EPRIE.lab in Berlin, Germany will focus on the collection of ideas for transnational cooperation. It will take place from **June 27 to July 1, 2020**. The main goal will be to work on different project ideas, receive feedback, and develop the first prototypes.
- In the second EPRIE.lab the participating alumni will implement and present their projects. It will take place in South Korea at the end of October 2020 (**October 21 to October 25, 2020, tbc**).

Topics

- History revisionism, reconciliation, nationalism
- Migration and national borders
- Media and social change
- Multilateralism, overcoming borders and building bridges

Teams

- **Four teams** will be supported to develop their project. They participate in our two workshops and receive:
- **Travel allowance** of up to 100€ for travel within the regions and up to 400€ between both regions.
- **Financial support** of up to 5.000 € for the implementation of their project idea.
- **Up to 1.000€ honoraria** can be paid to each project group for the successful implementation of their project.
- **Chance to select fellow EPRIE alumni** to ideate and implement the project.

Examples

Possible documentation projects include:

- Websites
- Short films, movies, documentaries
- Games
- Exhibitions
- Publications
- Manuals and handbooks
- Podcasts

Project duration & EPRIE Journal

All projects and activities must take place and be completed in the given project phase from **May 1, 2020 to March 31, 2021**.

All projects and their outcomes will also be documented in a special issue of the EPRIE Journal, which will be produced by the EPRIE alumni together with Korea Verband.

Reports about your project have to be completed by **March 31, 2021** the latest for the EPRIE Journal

Corona

Our EPRIE.labs could be affected by the current Corona virus outbreak, as it already affects international travel and visa issuance.

This could mean that we possibly have to postpone or change the format if the virus outbreak worsens.

We monitor the situation closely and will take preventive measures if needed.

Application

To apply for the **EPRIE.lab 2020** with your project idea please follow these steps:

1. Choose one or more topics which you would like to cover with your project
2. Find collaborators among the EPRIE alumni by reaching out to the EPRIE community.
3. Develop and write down your project idea and the form of documentation for your project by using the **application form**. You'll find the form at www.eprise.net/labs
4. Submit your application to info@eprise.net until **April 15, 2020**.

Schedule

- Application deadline: April 15, 2020
- Review of applications: until end of April 2020
- EPRIE.lab 1: June 27 to July 1, 2020
- EPRIE.lab 2: October 21 to October 25, 2020
- Deadline for finishing projects: March 31, 2021
